Partial Amendment to and Continuation of Plan Regarding
Large-Scale Purchases of Sharp Corporation Shares
(Takeover Defense Plan)

By approval of the shareholders at the 115th Ordinary General Meeting of Shareholders held on June 23, 2009, Sharp Corporation (hereinafter referred to as “Sharp”) continued the “Plan Regarding Large-Scale Purchases of Sharp Corporation Shares (Takeover Defense Plan)” (hereinafter referred to as the “Existing Takeover Defense Plan”), the effective term of which ends at the conclusion of the 116th Ordinary General Meeting of Shareholders scheduled to be held on or before June 30, 2010.

Since the continuation of the Existing Takeover Defense Plan, to protect and enhance corporate value and common interests of shareholders, the Board of Directors of Sharp has continued to examine the Existing Takeover Defense Plan in accordance with the trends surrounding takeover defense plans.

As a result, Sharp announced that the Board of Directors of Sharp had decided, at the Board of Directors Meeting held today, to continue the Existing Takeover Defense Plan after amendment thereto (hereinafter referred to as the “Plan” and attached hereto), on condition that the shareholders approve the Plan at the 116th Ordinary General Meeting of Shareholders scheduled to be held on June 23, 2010.

Amendments are summarized below:

- ① As allowing Sharp sufficient time for preparing a more appropriate list of Large-Scale Purchase Relevant Information will enable the Large-Scale Purchaser to provide the necessary information more efficiently, the period of time for issuing a list of Large-Scale Purchase Relevant Information to the Large-Scale Purchaser will be extended from five (5) business days to ten (10) business days from the date of receipt by Sharp of the Letter of Declaration.

- ② Other necessary amendments have been made, including conformity to the changes in the referred-to rules.

The Plan serves to protect and enhance corporate value and common interests of shareholders and provides rules to enable the shareholders to adequately judge the situation by requiring Large-Scale Purchasers of Sharp's shares to provide sufficient information including, but not limited to, the purposes and methods of the purchase, the amount and type of consideration, basis for determination of the purchase price, and by giving the Board of Directors of Sharp an adequate Assessment Period. Therefore, the Plan does not reject Large-Scale Purchases per se. Rather, whether or not to permit Large-Scale Purchases should be entrusted to the shareholders.

As of today The Board of Directors of Sharp recognized no proposal of Large-Scale Purchases.

Plan Regarding Large-Scale Purchases of Sharp Corporation Shares
(Takeover Defense Plan)

I. Basic Policy in Reference to the Persons Who Control Decisions on Sharp's Finance and Business Policy

Purchases of shares which are conducted to control decisions on companies' finance and business policy without obtaining the approval of the Board of Directors of targeted companies include, but are not limited to, inappropriate Purchases which 1) judging from their goals, apparently harm corporate value and common interests of shareholders, or 2) harm stakeholders such as customers, clients and/or employees and ultimately harm corporate value, or 3) coerce shareholders to sell shares, or 4) do not disclose sufficient information regarding the Purchase and the Purchaser, or 5) do not provide the Board of Directors of the targeted company with sufficient time to investigate the Purchase and offer alternative plans.

What is especially essential to Sharp Group is the ability of its manufacturing operation to develop and make good use of advanced technology and manufacturing technology for protecting and enhancing corporate value and common interests of shareholders. However, several years or decades might be needed for Sharp Group to commercialize the results of research and development, and building up good cooperative relationships with stakeholders such as customers, clients and/or employees during such a period is essential. Therefore, management action based on a medium-and long-term perspective is indispensable for us to maximize our corporate value.

The Board of Directors of Sharp believes that determining whether to accept Purchases aimed at a takeover and conducted without obtaining the approval of the Board of Directors of Sharp should be ultimately entrusted to the shareholders. However, the Board of Directors of Sharp also believes that it is not appropriate for any person who conducts an inappropriate Purchase as described above to control decisions on Sharp's financial and business policy, and might harm corporate value and common

interests of shareholders, and that it is necessary to take reasonable countermeasures if such an inappropriate Purchase is actually conducted.

II. Exceptional Actions that Contribute to Achieving the Basic Policy including Effective Practical Use of Sharp's Assets, and Forming Appropriate Company Groups

In addition to the actions described in III, the exceptional actions are as follows:

1. Action based on mid- and long-term business strategy

Under our business creed of "Sincerity and Creativity," the Sharp Group has endeavored to enhance corporate value and has consistently worked to make productive contributions to society at large through the development of unique, one-of-a-kind products that are ahead of their time.

Going forward, the Sharp Group believes that our continuing efforts to develop proprietary electronic devices and to create uniquely-featured products that make full use of leading-edge electronics technologies will lead the Sharp Group to be a "valued, one-of-a-kind-company," which we believe will result in protecting and enhancing corporate value and common interests of shareholders.

Based on this philosophy, the corporate vision that we seek is being an Eco-Positive Company*, and to realize this vision, we will continue to build a corporate culture of achieving a balance between a positive contribution to the environment and economic activity through the electronics industry.

To enhance corporate value, we have set "Contribute to society by environment- and health-related business with energy-saving and energy-creating equipment as the core" and "Realize a true ubiquitous network society with our one-of-a-kind LCDs" as our mid-term business visions, and we are conducting business actively.

To fulfill our corporate vision and business visions, even in this drastically changing business environment, we will not seek merely to expand our business volume, but rather strive to continue as a company that contributes to the culture, benefits and welfare of people throughout the world, by using our unique and innovative

technology. To carry out this contribution, we will strive to build a profitable and stable business structure by 1) Manufacturing one-of-a-kind products, 2) Being cost-conscious and emphasizing profitability, and 3) Structuring a firm management culture based on appropriate control and management of cost, inventory, and investment.

In addition, we will strive to increase our trust and credit by meeting society's expectations through a variety of social contribution activities centered on the areas of environment, education, and social welfare, and will fulfill our corporate social responsibility, acknowledging the importance to carry out business with the stakeholder's view and compliance in mind.

*A company that supplies energy-creating and energy-saving products whose usage reduces significantly more greenhouse gas emissions than its worldwide business activities produce. "Eco-Positive" does not mean that a company has no negative impact on the environment. Rather, "Eco-Positive Company" is a phrase Sharp uses to indicate the ideal state of a company in terms of environmentalism; it is the state Sharp aims to achieve.

2. Basic Policy on distribution of earnings

Sharp considers distributing profits to shareholders to be one of management's top priorities. While maintaining consistently stable dividend pay-outs, and while carefully considering our consolidated business performance, financial situation and future business development in a comprehensive manner, we have been implementing a set of measures to return profits to our shareholders, such as distributing an amount of periodic dividends. We will continue to return profit actively, targeting a consolidated pay-out ratio of 30%.

III. Actions to Prevent Persons Deemed Inappropriate, in Light of the Basic Policy, from Controlling Decisions on Sharp's Financial and Business Policy

Sharp has decided on the actions to prevent persons deemed inappropriate in light of the basic policy prescribed in I. from controlling decisions on Sharp's financial and business policy as follows:

Sharp has established rules regarding Purchases indicated below (hereinafter referred to as “Large-Scale Purchase Rules”) to protect corporate value and common interests of shareholders and requires any person who conducts such a Purchase to follow the Large-Scale Purchase Rules, and reasonable countermeasures shall be taken if such person does not follow these Rules, or otherwise fails to comply with these Rules.

- Purchases of Sharp’s shares by a group of shareholders* with an intent to obtain 20% or more of the total voting rights of Sharp without the prior consent of the Board of Directors of Sharp
- Purchases of Sharp’s shares resulting in a group of shareholders holding 20% or more of the total voting rights of Sharp
(a purchase of Sharp’s shares as described above shall be hereinafter referred to as a “Large-Scale Purchase,” and a person or a company intending to conduct a Large-Scale Purchase shall be hereinafter referred to as a “Large-Scale Purchaser.”
The plan regarding Large-Scale Purchases of Sharp’s shares described in 1—4 shall be hereinafter referred to as the “Plan.”)

*A group of shareholders shall mean any of the following:

- 1) a holder (defined in Paragraph 1, Article 27-23 of the Financial Instruments and Exchange Law of Japan, including a person included as a holder pursuant to Paragraph 3, Article 27-23 thereof) of share certificates or other securities (defined in Paragraph 1, Article 27-23 of the Financial Instruments and Exchange Law of Japan) of Sharp, and any joint holders (defined in Paragraph 5, Article 27-23 of the Financial Instruments and Exchange Law of Japan, including a person deemed as a joint holder pursuant to Paragraph 6, Article 27-23 thereof), or
- 2) a person or a company who makes a purchase (defined in Paragraph 1, Article 27-2 of the Financial Instruments and Exchange Law of Japan, including a purchase made on a financial instruments market) of share certificates or other securities (defined in Paragraph 1, Article 27-2 of the Financial Instruments and Exchange Law of Japan) of Sharp, and any specially related parties (defined in Paragraph 7, Article 27-2 of the Financial Instruments and Exchange Law of Japan); hereinafter the same.

1. Necessity of the Plan

The Board of Directors of Sharp believes that in the event of a Large-Scale Purchase of Sharp’s shares, whether to accept the Purchase or not should be ultimately entrusted to the shareholders. However, the Board of Directors of Sharp also believes that the shareholders must receive necessary and sufficient information concerning the following issues from both a Large-Scale Purchaser and the Board of Directors of Sharp in order to reach a proper decision.

- Expected effects of a Large-Scale Purchase on Sharp Group and/or a Large-Scale Purchaser's opinion with respect to management policies and business plans of Sharp Group
- Expected effects on stakeholders of Sharp Group, such as customers, clients and/or employees
- Opinions and/or alternative plans of the Board of Directors of Sharp on Large-Scale Purchases, etc.

Therefore, the Board of Directors of Sharp believes that establishing certain reasonable rules for Large-Scale Purchases is essential.

2. Details of Large-Scale Purchase Rules

Large-Scale Purchase Rules established by the Board of Directors of Sharp require that (1) a Large-Scale Purchaser shall provide the Board of Directors of Sharp with necessary and sufficient information in advance, and (2) after an assessment period has passed, a Large-Scale Purchaser shall be allowed to initiate a Large-Scale Purchase. The details are prescribed as follows.

(1) Provision of information on Large-Scale Purchases

- ① When a Large-Scale Purchaser intends to initiate a Large-Scale Purchase, the Large-Scale Purchaser is required to submit to Sharp a written document (hereinafter referred to as "Letter of Declaration") that includes a declaration to comply with the Large-Scale Purchase Rules, the name and address of the Large-Scale Purchaser, applicable law under which the Large-Scale Purchaser is established or the governing law of incorporation, the name of the representative director, contact information in Japan and an outline of the Large-Scale Purchase.
- ② Within ten (10) business days after receipt of the Letter of Declaration, Sharp will issue a list to the Large-Scale Purchaser of necessary and sufficient information (hereinafter referred to as the "Large-Scale Purchase Relevant Information") concerning the contents of the Large-Scale Purchase and the Large-Scale Purchaser in order for the shareholders to reach a proper decision and for the Board of Directors of Sharp to form an opinion, and will require the Large-Scale Purchaser to immediately provide such information described in

that list. Large-Scale Purchase Relevant Information includes, but is not limited to, the items described below.

- (a) An outline of the Large-Scale Purchaser and its group (including name, capital structure, subject matter of its business, financial condition, history of past acquisitions or Large-Scale Purchases and experience in some similar kind of business as Sharp's business);
 - (b) The purposes, methods and conditions of the purchase (including the amount and type of consideration, basis for determination of the purchase price, the source of funds for the purchase, duration of the purchase and structure of the transaction);
 - (c) An outline of the supplier of the funds (including name and capital structure);
 - (d) Management policy the Large-Scale Purchaser intends to adopt after the completion of the Large-Scale Purchase, details of medium- and long-term plans for each business, equity policy, financial policy and dividend policy;
 - (e) Policy for putting to use the patents, brands, etc. to continuously enhance corporate value and common interests of shareholders, and the basis of the policy;
 - (f) Policy on whether to change or not to change the treatment of stakeholders (customers, clients, employees, local community and others), that would be implemented after the completion of the Large-Scale Purchase, and the policy's contents.
- ③ The Board of Directors of Sharp will thoroughly examine the information provided by the Large-Scale Purchaser, and if the information initially provided is deemed to be insufficient, the Board of Directors of Sharp may require the Large-Scale Purchaser to provide additional information until the Board of Directors of Sharp determines the provided information is sufficient.
- ④ When the Board of Directors of Sharp receives the Letter of Declaration, or considers the Large-Scale Purchase Relevant Information provided by the Large-Scale Purchaser is deemed to be sufficient, the Board of Directors of Sharp will timely and adequately disclose the facts. In addition, if a Large-Scale Purchase is proposed, and disclosure is considered necessary for shareholders to make decisions, the Board of Directors of Sharp will disclose, at a time it generally deems appropriate, the facts of such Large-Scale

Purchase and all or part of the Large-Scale Purchase Relevant Information provided to the Board of Directors of Sharp.

(2) Establishment of Assessment Period

After the requirement of the Large-Scale Purchase Relevant Information has been totally satisfied, the Board of Directors of Sharp will have sixty (60) business days, if the counter value will be paid only in Japanese Yen, or ninety (90) business days, if the counter value will be paid in other than Japanese Yen, as a period to assess the purchase (hereinafter referred to as “Assessment Period”) during which the Board of Directors of Sharp will assess, investigate, examine, negotiate, form an opinion and seek any alternatives, and the Large-Scale Purchase will be allowed to commence only after the Assessment Period has passed.

During the Assessment Period, the Board of Directors of Sharp will accurately assess and investigate the provided Large-Scale Purchase Relevant Information to deliberate on its opinion, while fully considering the recommendation of the Special Committee provided for in 3., and seeking advice from outside experts including lawyers, financial advisors and certified public accountants. The Board of Directors of Sharp will negotiate with a Large-Scale Purchaser in order to improve the terms of a proposed Large-Scale Purchase if necessary, observing timely disclosure of information.

3. Establishment of the Special Committee

Before investigation of the Large-Scale Purchase or countermeasures are taken by the Board of Directors of Sharp, the Special Committee, which is made up of three (3) or more Members who are appointed among Outside Directors of Sharp, Outside Corporate Auditors of Sharp and experienced outsiders, shall deliberate on and recommend to the Board of Directors of Sharp whether sanctioning the Large-Scale Purchase is advisable or if countermeasures should be taken. The Board of Directors of Sharp shall fully consider this recommendation and make a final decision concerning countermeasures prescribed in 4. below.

Please see Exhibit 2 for an outline of the Special Committee Rules and list of Members of the Special Committee.

4. Countermeasures

- (1) In case a Large-Scale Purchaser complies with the Large-Scale Purchase Rules, and the Large-Scale Purchase is deemed not to harm corporate value and common interests of shareholders:

The Board of Directors of Sharp will not take any countermeasures.

- (2) In case a Large-Scale Purchaser does not comply with the Large-Scale Purchase Rules:

If a Large-Scale Purchaser does not comply with the Large-Scale Purchase Rules and initiates the Large-Scale Purchase, or deviates from the Large-Scale Purchase Rules, the Board of Directors of Sharp may take countermeasures, such as a share split, or a gratis allotment of stock acquisition rights, as permitted by laws, regulations or by-laws in effect at the time, to protect corporate value and common interests of shareholders. The Board of Directors of Sharp shall, at its discretion, choose at the time the most reasonable and appropriate countermeasures.

An outline of countermeasures in the form of a gratis allotment of Stock Acquisition Rights is provided in Exhibit 3. If the Board of Directors of Sharp decides to issue the Stock Acquisition Rights, the following may be imposed with the effectiveness of countermeasures in mind: an exercise period, conditions for exercising, e.g. those who are exercising Stock Acquisition Rights cannot belong to a specified group of shareholders with more than a certain share of voting rights, and acquisition provisions. The Board of Directors of Sharp may determine different conditions from those that are provided in Exhibit 3, in accordance with the circumstances at the time of issuance of the Stock Acquisition Rights.

- (3) In case a Large-Scale Purchaser complies with the Large-Scale Purchase Rules, but the Large-Scale Purchase nevertheless harms corporate value and common interests of shareholders:

Even if a Large-Scale Purchaser complies with the Large-Scale Purchase Rules, the following factors shall be regarded as materially harmful to corporate value and common interests of shareholders.

There is no intention to participate in Sharp Group's management, and there is an intention to inflate Sharp's share price and resell the shares to Sharp or its affiliates at an inflated price.

There is an intention to transfer intellectual property rights, know-how, trade secrets, main clients or customers which are indispensable to Sharp Group's business to a Large-Scale Purchaser or its group by temporarily commandeering Sharp Group's management.

There is an intention to misappropriate Sharp Group's assets as collateral or funds for loans for a Large-Scale Purchaser or its group.

There is an intention to dispose of Sharp Group's assets by temporarily commandeering their management, to obtain a temporarily high dividend or to sell the shares at a high price due to payment of a temporarily high dividend.

There is an intention equivalent to the preceding intentions, which materially harms corporate value and common interests of shareholders.

If a Large-Scale Purchaser initiates a Large-Scale Purchase as indicated above, the Board of Directors of Sharp may take the same countermeasures as provided in (2) above.

(4) Cessation of countermeasures

After the Board of Directors decides to take countermeasures, if the Large-Scale Purchaser provides Sharp with necessary and sufficient information, and the Special Committee recommends and the Board of Directors of Sharp decides that the Large-Scale Purchase contributes to the protection and enhancement of corporate value and common interests of shareholders, the Board of Directors of Sharp may cease such countermeasures.

IV. Influence of the Plan on Shareholders and Investors, etc.

1. Influence on shareholders and investors at the time of introduction of the Plan

The Board of Directors of Sharp will not split shares or issue Stock Acquisition Rights at the time of the introduction of the Plan. The introduction of the Plan has no direct influence on the rights and interests of shareholders and investors.

2. Influence on shareholders and investors at the time of taking countermeasures

The Board of Directors of Sharp will timely disclose information at the time of taking countermeasures against a Large-Scale Purchaser, and adequately consider the interests of shareholders and investors other than the Large-Scale Purchaser.

However, as indicated in III. 4. (4), the Board of Directors of Sharp may cease the countermeasures in accordance with the circumstances even after deciding to take countermeasures. Once the Board of Directors of Sharp decides to take countermeasures in the form of a gratis allotment of Stock Acquisition Rights, but later decides to cease such countermeasures or acquires all Stock Acquisition Rights after allotment, unforeseen damages due to changes in share price may be sustained by shareholders or investors who buy or sell in anticipation of a dilution in the value of Sharp's shares, because a dilution of the value of Sharp's shares shall not occur.

3. Necessary procedure for shareholders to be followed when countermeasures are taken

In the event the Board of Directors of Sharp determines to split shares or allot gratis Stock Acquisition Rights, Sharp will timely and adequately notify the shareholders of the necessary procedure.

V. The Fact That, and the Reasons Why, the Plan is Based on the Basic Policy, does not Harm Corporate Value and Common Interests of Shareholders, and is not Intended to Prolong the Respective Individuals in Their Positions of Director

For the reasons set out below, The Board of Directors of Sharp believes that the Plan is based on the Basic Policy described in I., does not harm corporate value and common interests of shareholders, and is not intended to prolong the respective individuals in their positions of Director.

1. The Plan is based on the Basic Policy

The Plan clearly shows that it requires a Large-Scale Purchaser to provide the Board of Directors of Sharp with necessary and sufficient information in advance, that a Large-Scale Purchaser shall be allowed to initiate a Large-Scale Purchase after an

Assessment Period has passed, and that the Board of Directors of Sharp may take countermeasures if a Large-Scale Purchaser does not comply with these provisions.

The Plan provides that the Board of Directors of Sharp may take reasonable countermeasures in the event an inappropriate Large-Scale Purchase that is deemed to materially harm corporate value and common interests of shareholders is conducted, even if a Large-Scale Purchaser complies with the Large-Scale Purchase Rules.

Therefore, the Plan is established in accordance with the Basic Policy.

2. The Plan does not harm corporate value and common interests of shareholders

The Plan is established in accordance with A) the Basic Policy, B) the three (3) principles provided in the “Guidelines Regarding Takeover Defense for the Purpose of Protection and Enhancement of Corporate Value and Shareholders’ Common Interests” ((i) Protection and Enhancement of Corporate Value and Shareholders’ Common Interests, (ii) Prior Disclosure and Shareholders’ Will and (iii) Necessity and Reasonableness), promulgated by the Ministry of Economy, Trade and Industry and the Ministry of Justice on May 27, 2005, and C) the “Matters to be Observed Pertaining to Introduction of Takeover Defense Measures” (Sufficient Disclosure, Transparency, Effect on the Secondary Market and Respect for Shareholders’ Rights) provided in the “Securities Listing Regulations,” promulgated by Tokyo Stock Exchange, Inc. The Plan provides that the shareholders shall be provided with the necessary information to enable them to decide whether they accept the Large-Scale Purchase, and a proposal of alternatives by the Board of Directors of Sharp. Therefore, the Plan is designed to enable the shareholders and investors to make an informed decision, and does not harm corporate value and common interests of shareholders, but rather enhances such value and interests.

Furthermore, the Plan will be enacted or continued on condition that the shareholders approve the Plan, and the Plan will be abolished if shareholders wish to do so. This indicates that the Plan does not harm corporate value and common interests of shareholders.

3. The Plan is not intended to prolong the respective individuals in their positions of Director

The Plan clearly provides detailed countermeasures in advance for the Board of Directors of Sharp to take against inappropriate Large-Scale Purchases. Such countermeasures by the Board of Directors of Sharp shall be taken in accordance with the provisions of the Plan. Not only the decision of the Board of Directors of Sharp, but also the approval of the shareholders are required to give effect to the Plan.

When the Board of Directors of Sharp assesses and investigates the Large-Scale Purchases, proposes alternatives, negotiates with a Large-Scale Purchaser, or takes countermeasures, the Board of Directors of Sharp shall get opinions of outside experts and fully consider the recommendations of the Special Committee, which consists of three (3) or more Members all of whom are to remain independent of Sharp management. The Special Committee's advice and recommendations shall not consider the interests of the Directors. The Plan includes provisions that guarantee due process by the Board of Directors of Sharp.

Therefore, the Plan is clearly not intended to prolong the respective individuals in their positions of Directors.

VI. Others

1. Process of continuing the Plan

The Board of Directors of Sharp decided at the Board of Directors Meeting held on April 27, 2010 to revise the Existing Takeover Defense Plan and continue the Plan on condition that the shareholders approve the Plan at the 116th Ordinary General Meeting of Shareholders scheduled to be held on June 23, 2010. All four (4) Corporate Auditors including three (3) Outside Corporate Auditors expressed their opinion that the Plan is adequate.

2. Term of the Plan

117th Ordinary General Meeting of Shareholders scheduled to be held on or before June 30, 2011, on condition that the shareholders approve the Plan at the 116th Meeting. If the shareholders approve the Plan at the 117th Ordinary General Meeting of Shareholders, the Plan will be effective until the conclusion of the subsequent meeting.

The Board of Directors of Sharp may decide to abolish the Plan before expiration. If need be, the Board of Directors of Sharp may revise the Plan while the Plan is in effect, in accordance with revised laws or revised stock exchange regulations concerning takeover defense plans, if such revision will not be contrary to the basic principles of the Plan. If the Plan is continued, abolished or revised, the Board of Directors of Sharp shall immediately disclose such action.
