Laser Printer

**Smooth Print Functionality
with Wireless Support**

Efficient Output

This printer delivers a fast output of 45/35 ppm*. The first printout comes out in 5.0/5.5 seconds, saving you valuable time when performing multiple short-run jobs. The printer's warm-up time of 29 seconds brings added efficiency and reduces overall energy consumption.

* A4 (8 1/2" x 11"), short-edge feeding

Wireless Connections

This printer offers ultra-handly wireless access via two easy modes, enabling convenient access to the printer even from places where it's difficult to connect a LAN cable.

Ample Paper Capacity and Various Paper Sizes

The printer has a standard paper capacity of 550 sheets, which can be expanded to 1,150 sheets. A wide variety of paper sizes, including A6, are accommodated by the standard tray, as well as by the multi bypass tray. The optional paper feed unit and multi bypass tray handle legal-size paper and paper up to 220 g/m² thick.

Direct Printing with USB Drives

This printer allows direct printing of PDF/TIFF/JPEG files. Insert a USB drive into the printer and a command screen automatically pops up on the LCD. Right away you can print files from the USB drive.

Sharpdesk Mobile

Sharpdesk Mobile is a mobile print application that connects the printer to mobile devices. Files on a mobile device can be easily printed out on the printer.

* Availability varies by country/region. For details, see the Sharpdesk Mobile support website: https://global.sharp/products/copier/docu_solutions/mobile/sharpdesk_mobile/

LED Status Lamps

Next to the control panel are two LED lamps: one red, one green. These light up to notify you—even from a distance—of the status of the machine.

Other Key Features

- Standard-equipped with PCL 6 emulation and PostScript® 3™ emulation
- SRDM (Sharp Remote Device Manager)*¹ software allows centralised control of networked printers and MFPs
- User authentication prevents unauthorised use of the printer. Up to 30 users can register a unique access number.
- Retained data can be erased when it's time to replace the printer
- Extremely small footprint*² (428 x 507 mm)

*1: Contact a Sharp customer representative for availability and other details.

*2: "Footprint" refers to the part directly adjacent to the floor or desk space. The numerical value is for the printer's base unit only.
