**Office Direct Printing**
Print common Microsoft® Office files without using a PC. With this printer, you can print a Word, Excel®, or PowerPoint® file directly from a mobile device, USB drive, or file server.

*The actual printout may look different from what is displayed on the computer screen.

**Front USB Port**
At the front of the printer is a USB port, which comes in handy when printing directly from a USB drive—an indispensable function for users who want quick machine access without a PC.

**Versatile Paper Handling**
The printer has a standard paper capacity of 650 sheets, which can be expanded to 4,400 sheets. The main paper trays and multipurpose feeder handle a wide variety of paper, including cardstock, envelopes, and small media like A6-size paper.

**Device Management**

Sharp Remote Device Manager* (SRDM) gives administrators centralised control of their networked MFPs and printers. This software covers system setup, security settings, troubleshooting, and more.

**Printer Driver with Easy Setup**

The printer driver setup window features a simple design that includes larger buttons and drop-down menus, making it easier than ever to use printer functions.
