UX-41

FACSIMILE MACHINE

*The Smart Choice
for Home and Office*

UX-41

FACSIMILE MACHINE

Based on units sold from 1996 to 2001 (Source: GfK Japan's ACSIS-E data)

So Compact, So Easy to Use

Whether in your home or office, you can enjoy the convenience of fax, copy and phone functions in one compact and easy-to-use package.

Improved Fax-Communication...

448KB Memory

Don't worry if the UX-41 runs out of paper. When that happens, its substitute reception holds up to 17 pages* of documents in its generous 448KB memory.

Stop Searching for Phone Numbers...

40-Number Automatic Dialler

Store 5 frequently called numbers for instant one-touch dialling, and 35 numbers for speedy two-digit speed-dialling.

Don't Bother Hand-Feeding Sheets One by One...

5-Sheet Auto Document Feeder

No longer spend time hand-feeding sheets one by one. The ADF saves you time by letting you place up to 5 sheets at a time into the tray for automatic document feeding.

Quick Transmission Time to Cut Costs...

15-Second Transmission*

A fast transmission time of 15 seconds per page at 9.6 Kbps contributes to productive operation as well as reduced phone line charges.

Specifications

Applicable line	Public switched telephone network
Type	Desktop facsimile transceiver
Data compression	MH/MR/H2
Transmission time	Approx. 15 seconds*
Modem speed	9,600 to 2,400 bps with automatic fall-back
Resolution	Horizontal: 8 pels/mm (203 pels/inch) Vertical: 15.4 lines/mm (392 lines/inch) [Superfine] 7.7 lines/mm (196 lines/inch) [Fine/Halftone] 3.85 lines/mm (98 lines/inch) [Standard]

Design and specifications are subject to change without prior notice. Facsimiles may not be used in countries other than those where they were purchased.

* Based on Sharp's standard No. 1 chart at standard resolution. (H2 data compression mode)

Clear, Easy-to-Read Reproductions...

64-Level Halftone

64 levels of halftone reproductions ensure that received faxes, including photographs and finely printed text, come out clear and easy to read.

Less Worrying about Running out of Paper...

30 m Thermal Paper Roll

A 30 metre roll of thermal paper means you'll spend less time worrying about running out of paper when receiving an important fax.

No Need to Set to Fax or Tel Mode...

Automatic Fax/Tel Changeover

Fax and phone calls are automatically differentiated. The machine rings to indicate a phone call and it will immediately go into fax reception mode when a fax tone is detected.

Other Features

- External Telephone Connection
- Answering Machine Connection
- Polling Function
- Help Function
- Anti Junk Function

Max. document width	216 mm (8.50")
Max. scanning width	210 mm (8.27")
Max. recording width	210 mm (8.27")
Paper size (W x L)	216 mm x 30 m (8.50" x 98")
Automatic document feeder	5 sheets
Power requirements	Rated local AC voltage and frequency
Power consumption	Max. 115 W
Dimensions (W x D x H)	304 x 236 x 122 mm (12.0" x 9.3" x 4.8")
Weight	Approx. 2.5 kg (5.5 lbs.)
